

# Bulk Freight Container Sales

Newsletter: January 2015,

## This month at BFCS

Dear Client,

We wish you all the best and prosperity for 2015.

At BFCS we are excited about our two new product lines - conversion of second hand containers into site offices and providing new containers.

We also established partnerships in Namibia, Zambia, Zimbabwe and Kenya for container sales and on request arrange for transportation of containers from South Africa to countries in Southern Africa - as far as the DRC (Democratic Republic of Congo).

In this newsletter you will find more about our products, services, specials and interesting information about containers as well as pricing for January 2015, remember, discounts apply on orders 10 or more.

We hope that you find this newsletter informative and you are welcome to contact us should you need any information regarding our products and services.

*Yvette & Team*
